

## CLASS 6'S ASSEMBLY: SHARING IS CARING!

This week, Class 6 has been busy creating and rehearsing a very special assembly. First, we told the juniors the story of Stone Soup, where two clever travellers convince a village full of people to try out sharing, with wonderful results!

We then explored the story of the Feeding of the 5000, linking it to the previous drama by the examples of sharing that occur in both. We shared fish and loaves with all the juniors!

Finally, we shared the recipe for happiness that we had been working on in our RE lessons. Everything we did contributed to our key message: **SHARING IS CARING!**

**Dare to Share.**
