

Travel Time

# WORKSHOP

Pupils in Class 6 took part in a time travel drama workshop this week, where they learned about the changes from the Palaeolithic era, all the way to the Roman invasion of Britain. They worked to understand the shifts in dress, living solutions and tool-making that came with each era, and in particular they developed their knowledge of the Iron Age in terms of trading, living in communities and the function of Celtic tribes.

The children enjoyed the experience immensely, and their drama skills were put to great use in order to enhance their history knowledge. At the end of the session, they were all made Time Travelling Masters!
