**Our switch to at home learning has been a big change for all of us!  
Please remember that not everyone will react to this change in the  
same way.**

**Kids' Sadness About COVID-19  
May Look Like:**

<b>Anger</b> "This stupid remote doesn't work!"	<b>Resisting the "new order"</b> "I'm not doing four math problems! I'm only doing one!"	<b>Tiredness</b> "I don't want to go for a walk. I'm too tired!"
<b>Numbing Out</b> ("Just 30 more minutes on the iPad!")	<b>Displaced frustration</b> "I didn't want lasagna for dinner. I wanted tacos!"	<b>Boredom</b> "I'm bored" = code for "I'm sad"

**Here are some fun ways to boost your child's emotional health:**

**Art (a healthy outlet for emotions)**

**Cooking (boosts focus)**

**Boards games (social skills are modelled and practiced)**

**Writing stories/jokes (improves executive functioning skills)**

**Reading (increases empathy and self-awareness)**

**Outdoor nature walks (reduces stress levels)**

**Sing/play an instrument (releases 'feel good' endorphins)**

**Puzzles (exercise problem solving skills)**

**Dancing (physical movement reduces depression)**
