Start your day with some exercise – tune in to PE with JOE WICKS at 9.00am

As we are still in the month of May, we continue to celebrate Jesus' mother Mary and say Hail Marys in our prayers. **On Thursday 21st May we celebrate the Ascension of Jesus**, which is a holy day of obligation. Watch the Saddleback Kids video, which explains what happened on this special day. Talk about the Ascension with your family, and retell the story by writing full sentences and drawing pictures.

Maths

English

Foundation Subjects

Week 1

Mathletics: complete at least 1 task on **Mathletics** each day. Then have a go at using LIVE Mathletics and play with your classmates (20 mins per day). Plus:

Addition:

Can you draw a number line to complete these number sentences?

6+3 =	19+3 =	5+ _ = 10
8+4 =	18+5 =	8+ _ = 15
4+9 =	7+8 =	6+ _ = 13
5+6 =	15+9 =	4+ _ = 14
2+7 =	19+7 =	2+ _ = 11

Week 2

As above with Mathletics, plus:

Fractions

Fractions can be tricky in year 1. Ask an adult to teach you about halving shapes using twinkl and objects at home.

If you're good, you could even practise making halves and quarters using pizzas, cakes or other yummy treats 😊

Use 'Hit the Button' for quickfire practice.

Reading

Hundreds of free e-books!

Read for at least 30 minutes per day and continue to take quizzes on Accelerated Reader.

Daily Phonics

Use **phonicsplay** to play interactive games to practise using your phonic knowledge.

Writing

We have been very lucky to have such wonderful weather in April and May.

Write about the things you've enjoyed doing in the nice weather with your families.

Did you go for a long walk, play water games, have a picnic in the garden?

Challenge: use 'because' and 'and' as a joining word to explain what a difference good weather can make to our lives. Can you use exclamation marks?

Science: Plants

Use twinkl to study the parts of plants.

Can you draw and label the parts of flowering plant?

Write some sentences to explain the uses of the parts of the plant.

Design Technology: Food Technology

If you can: **Plan, Design, Create** and **Evaluate** your own healthy food with an adult.

Some simple ideas are:

- Patterned fruit kebabs
- Healthy smoothies
- Salad Sandwiches

Remember, it is important to:

1. Think of a plan and steps to take first
2. Draw and label a picture of your design
3. Evaluate your design. Did it turn out as you had planned?

Challenge: use your imagination and make a full meal/dish with your family.

Parents, please register for the websites listed in order for your child to access them. They are free but may need some details such as an email address from you.
