Geography Project 'The Rainforest'

Design an eye-catching front cover for your project then research all about **rainforests**, finding out as much as you can about the following:

1. **The locations of rainforests in the world**
2. **Climate**
3. **The different layers of the rainforest**
4. **Amazon Plants and Flowers**
5. **Rainforest Animals**
6. **Deforestation**

*** Include drawings where possible

Think about the layout of each page you produce – make each one different if you can.

Use videos to help you learn about the rainforests:

Art and Craft Ideas

Make a **Stonehenge model** out of cereal boxes or whatever you can find at home. You could even use biscuits like in this picture!

Design a **gold/bronze torc (neck ring)**. The Celtic people made objects with decorative art style which had lots of swirly lines and spirals.

Design your own **Celtic shield** to take into battle! You could even make it out of cardboard if you have any at home!

Lots of information can be found on the BBC Bitesize (History) website.

As part of your research project, put your fantastic creative skills to use and make some rainforest-based art! You could:

Make a **Rainforest Collage**

Bring your projects back to school with you when we can safely return. **We can't wait to see them!**
