

Class R1

We have been learning about authors this term! We learnt about what authors do and talked about some of our favourite authors! We even had a go at becoming authors ourselves!

Our focus this term is Traditional Tales. We made our own Big Bad Wolf masks and pretended to be the wolf. We then created a WANTED poster using our masks to write a descriptive sentence.

In maths, we have been exploring capacity. We had to decide whether the cups were empty, nearly empty, half full, nearly full or full. We then poured the water into different sized containers to see if we could change the capacity.

As part of our traditional tales topic, we have been looking at the best materials for the Three Pigs houses. We used different materials and resources around the classroom to build our own houses including, Lego, sticks, and paper straws.
