

## Class 10

We have been learning about ways in which to protect our environment in our Geography topic. Students worked together to make and present powerpoints about conservation.

This term we made a pasta salad as a class, prepping the food, discussing seasonality and eating our creations. In English, we wrote the instructions in the form of a recipe.

In our Religion lessons we have been learning about Pentecost and thinking about how the holy spirit touched the apostles and we spoke about the different colour which represent the holy spirit.

We made Pentecost pinwheels to during our Building the Kingdom lesson this term.
