

## Class 4

In Design Technology, we planned, prepared and made Superfood Salads.

We tried lots of different foods and had lots of fun!

In Science, we have been growing cress and broad beans from seeds.

We observed plants growing in different conditions.

We visited Lyme Park and went on a long walk up to The Cage.

We used a map and followed compass directions to get there and we found out about the history of The Cage.

Class 4 loved Visiting Lyme Hall.

We looked at the rooms and artefacts from many years ago. We enjoyed trying on different hats and bonnets.
