

Class 7

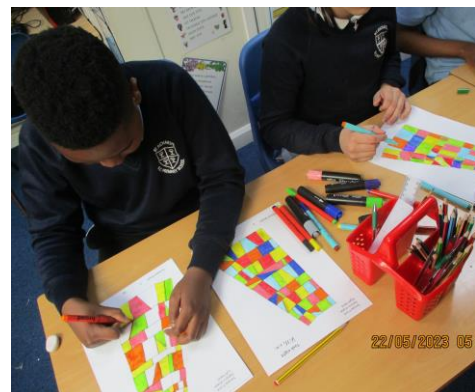

Class 7 celebrated the coronation of King Charles III by studying and comparing it to the coronation of Edgar the Anglo Saxon king (*The King of all England.*) We took inspiration from the stained glass window in Bath Abbey and created some artwork based upon both kings.

In Science, we have been looking at the characteristics of different living things. We have been grouping, generating questions, answering questions, classifying and researching.

In preparation for the Times table check, in class 7 we have been working really hard to increase our speed answering times tables questions on Times Tables Rock Stars.

In Art, we have been working with Mr Hall to create all the different sections to make a Maya temple. We chose colours carefully and talked about which colours we would position next to each other.
