

Class 9

Class 9 celebrated the coronation of King Charles III with an outdoor tea party. Wearing blue, white and red, we had snacks and played with bubbles on the playground.

In Religion, we learned about being transformed by the Holy Spirit. Class 9 created TV interviews to speak about the transforming power of the Holy Spirit.

For our Design and Technology project this half-term, Class 9 created a pasta salad using seasonal ingredients. It was a great opportunity to try new foods!

In maths, we had a competition to find shape cards around the classroom and estimate the area of the irregular shapes. Haniya and Aneesa were the closest to the actual number!
