

## Class R1

This term, our topic is animals. We were very lucky to have Animal Ark come in and let us hold some animals ourselves! We got to explore snakes, tarantulas, a tortoise, a rabbit and a guinea pig.

We celebrated King Charles' coronation by making crowns and having our very own tea party! We also made Union Jack bunting for decorations around the classroom.

We have had so much fun with Mrs Copley developing our skills in ICT! We got to program BeeBots to make them travel along the road in the right direction.

In topic, we have been learning about dinosaurs! We became fossil hunters like Mary Anning and searched for 'dinosaur' fossils. We then made dinosaur eggs using Paper Mache.
