

Nursery

We have been learning about ourselves and how we are all unique and special. We looked at our reflections in the mirror and painted our own self-portrait.

One of our stories has been Elmer, which teaches us that everyone, is unique and special in their own way and we should embrace our differences and love one another.

We made our own owls after we read the story Owl babies, we used different coloured feathers to create them.

The Rainbow fish is about friendship and sharing, we used lots of bright beautiful colours to create our own rainbow fish.
