

Class 6

As part of our work on skeletons, we investigated the lengths of bones of people of different ages and heights to see how they compared.

This month, Class 6 performed an assembly all about sharing in the community. We shared the Story of Stone Soup and the Feeding of the 5000.

For our Caritas in Action work this half term we focused on the importance of community. We explored the communities we belong to and what makes a good community member.

This half term we have been collecting items of the Cornerstone Day Centre Harvest Donations appeal. The children and their families have been very generous.
