

Class 9

Class 9 recently went on a trip to St Peter's RC High school. 15 children took part in a food technology lesson and bake cakes. Then 15 children took part in an Art lesson and made easter chicks.

Class 9 had a fantastic time celebrating World Book Day. We all came dressed as a character from a book. We all designed a brand new book cover and wrote the opening page for our new books.

In our Literacy lessons we have been writing about our work on reducing our carbon footprint. We interviewed our class Eco council member (Gabrielle) to feature in our report.

We had a visit from United Utilities and they delivered the '*everything you need to know about H2O*' show.' We learnt lots of new things and recapped some knowledge from our year 4 water topic too.
