

## Class 12

For Design Technology this term we designed and made our own beanbag 'dart poisoned frogs'. We had a go at different stitch types!

During ICT this term we designed posters to show how you can present information via a web-based audience.

Whilst completing our Macbeth writing we got ourselves into character by re-enacting the battle scene. This helped us to write more descriptive sentences!

We celebrated the fantastic diverse class we have by wearing our national clothing and presenting information about our heritage to our peers.
