

Class 13

As part of our DT textiles project, we made our own Poison Dart Frogs. We learned how to sew, using a range of stitches (running, back and cross), then we chose the most suitable for joining our pieces of fabric.

In our literacy lessons, we explored the achievement of Jacqueline Auriol breaking the sound barrier. Using the 'Aviatrice' animation as our stimulus, we created diary entries and newspaper reports.

On 21st May 2024, we celebrated 'World Day for Cultural Diversity'. We wore traditional clothing from our cultures, and we each delivered a PowerPoint presentation, educating our classmates on many aspects of our cultural backgrounds.

During 'World Day for Cultural Diversity', we made clay tiles, designing them with patterns from our cultures. They are now painted and on display in our classroom.
