

## Class 2

In History, we visited a toy museum! We saw lots of toys from the past and present day. After that we had a doll disco and created our own imaginary toys.

In RE we have learned that May is the month of Mary. We learned the special prayer called the Hail Mary and then we created our own prayers. We said them together in the prayer room.

In science we did an experiment to see what a plant needs to grow. We planted some seeds and had some in a dark area with water, some with no water and then some with sunlight and water. Can you guess which one was in the sunlight?

It was Cultural Diversity Day this week. We all came into school wearing clothes that represented our culture.
