

Class 8

We celebrated 'UN Cultural Diversity Day' and our school's amazing diversity. We wore traditional clothes/national colours and worked in groups to create a presentation to share with the class about our special countries.

While learning about fables, we worked in groups to create a performance showcasing our favourite fable. Based upon each performance, the children worked out what the moral of the fable being performed was.

To celebrate the season of Pentecost, we learned about the different symbols of the Holy Spirit such as a dove, fire and wind. We created artwork to represent these symbols.

We visited the prayer room this half term to take part in a child – lead liturgy. The children wrote their own prayers to read and wrote something that they were sorry for on a baby wipe and watched it wash away in a bowl of water. This symbolised forgiveness and a fresh start.
