

Class 11

This half term, we explored Greek Warfare with Mr North and learnt what was required of Greek hoplites. Having debated whether the Athenians should have fought the Persians, we then reenacted the Phalanx formation.

In preparation for our transitions to high school, we visited the Marist Centre which gave us the opportunity to reflect upon our time here at St Richard's before looking forward to the new experiences that await us.

Our annual Sports Day took place at Belle Vue Sports Village and we competed in various activities: javelin, standing long jump, shooting hoops and a number of sprint races.

As our end of year trip, we visited the Anderton Centre during which we practised team-building exercises while pushing ourselves to try new things. This included tree climbing, bushcraft and raft-canoeing.
