

## Class 5

In Class 5 we talked about all the different communities we are members of. We found out that we are all members of God's Community, our School Community, our Neighbourhood Community and lots of other communities as well. We made these flowers to showcase all the different communities we are a part of and decorated them beautifully.

We celebrated National Poetry Day on 3<sup>rd</sup> October. This year the theme was counting and we looked at the poem 'Bedtime' by Eleanor Farjeon. We worked in pairs and read the poem aloud.

Father Dever very kindly told us all about what happens when someone is baptised. He brought over the font and told us how he would sprinkle water on the baby's head. He told us about the job the godparents had to do and then explained about how the chrisam is used on the baby.

In our computing lesson with Miss Copley we have been working on a coding programme called Scratch. We created our own 'Under Water' themed programme
