

Class 9

For our Caritas work, we explored the communities we are involved in. We identified the various needs within these communities and how we can work together to meet their needs and make a change.

Tony North, a history specialist, visited class to teach us about Ancient Egyptian fashion. Two brave volunteers were dressed in wigs, makeup and jewellery!

We produced sketches of the Iron Man, the character from our class book and our news report writing work, as part of our ongoing art project.

In our English lessons, we mummified a tomato and wrote a set of instructions on how to do this for other primary school children.
