

## Class 2

This term, we went to Romily Forum to watch the pantomime 'Snow White'. We had a fantastic time!

In Science, we have been learning about seasons and we have been watching the transition from Autumn to Winter. We went on a winter hunt to look for signs of Winter. We found acorns, winter berries and holly.

We performed our Christmas concert called 'Born in a Barn'!  
We enjoyed singing our songs and telling the true story of Christmas.

This term in Art, we have been creating a tree based on Van Gogh's 'Mulberry Tree'. We used different types of media such as paints, crayons, pastels and paper to create our own versions of the Mulberry Tree.
