

Class 7

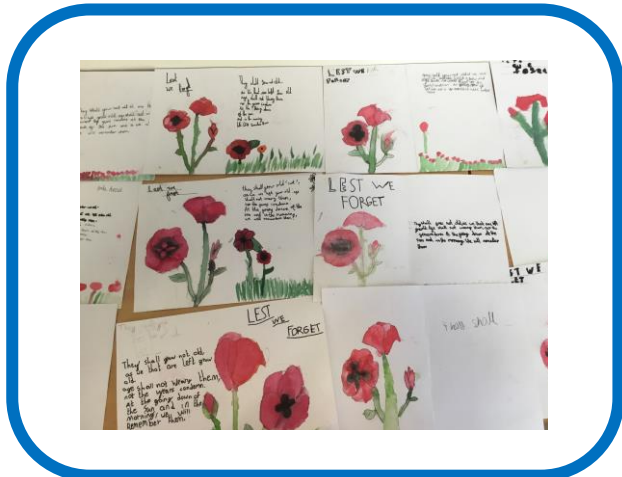

In RE, we have been looking into the liturgical season of Advent where we have been preparing for the arrival of Jesus. We wrote a thank you letter to God for sending his only son, Jesus.

In DT, we made Mexican bean burgers! We researched the history of these burgers and found that they originated from the Mayans! We thoroughly enjoyed making, assembling and eating our burgers!

In Science, we have been learning all about sound! We conducted an experiment to investigate whether different distances effects how loud or quiet a sound is. We made string telephones to help with this!

To commemorate Remembrance Sunday, we painted poppies using watercolours and wrote a poem to remember those who gave their lives for the country. We said a prayer and had 2 minutes of silence to remember the fallen soldiers.
