

# Nursery

We have used puppets and props to learn all about the Christmas Story. We learnt this through songs and role play.

In the outdoors we have been following the children's interest and using the large scale construction to create different things. The children have worked together to make so many amazing creations!

We have learnt all about how to be safe in Bonfire Night. We drew our own fireworks and explored different art media to make our own!

We have performed the Nativity for our family and friends. We dressed up and learned lots of new songs all about the birth of Jesus!
